

LOCAL EGA

TASK MANAGEMENT

The screenshot displays the ZenHub.io task management interface, organized into five vertical boards. Each board contains a list of tasks, often grouped into Epics, with associated metadata like story points and sprint information.

- Support Requests** (1 Issue - 1 Story Point):
 - LocalEGA #119: Debugging the "ingeter out of range" error when ingestion big data (100GB). Includes sub-task US07 - Store file submission in ... and a "bug" label.
- Icebox** (3 Issues - 2 Story Points):
 - LocalEGA #10: US02 - Metadata submission. Includes sub-tasks P2. Dataset Ingestion & Archivi... and Dataset Ingestion & Archiving. Labeled as "Epic".
 - LocalEGA #82: P3. Requester Registration & Dataset Access. Includes sub-task Requester Registration & Datas... and a "Process" label.
 - LocalEGA #34: Docker image for the User for submission/decryption. Includes sub-task US01 - Upload files.
- Backlog** (16 Issues - 9 Story Points):
 - LocalEGA #205: Investigate/implement low-level monitoring of instances/services status. Includes sub-task M1 - Monitoring. Labeled as "enhancement".
 - LocalEGA #220: Extract documentation from Python source code. Labeled as "Documentation".
 - LocalEGA #81: P2. Dataset Ingestion & Archiving. Includes sub-task Dataset Ingestion & Archiving. Labeled as "Epic" and "Process".
 - LocalEGA #80: P1. Submitter registration.
- Sprint backlog** (1 Issue - 1 Story Point):
 - LocalEGA #222: Write a documentation about the bootstrap script. Includes sub-task Sprint 23 and is labeled as "Documentation".
- In Progress** (5 Issues - 3 Story Points):
 - LocalEGA #251: Create a bootstrap script for EGA Data API. Includes sub-task Sprint 23 and is labeled as "Implement 'DATA out'" and "Epic".
 - LocalEGA #204: Investigate and try to integrate EGA-DATA-API-v3 to LocalEGA Data-Out. Includes sub-task Sprint 23 and is labeled as "Implement 'DATA out'" and "Epic".
 - LocalEGA #236: Read data from LocalEGA vault by the EGA-DATA-API. Includes sub-task Sprint 23 and is labeled as "Implement 'DATA out'" and "Epic".
 - LocalEGA #235: (partially visible)
